USEFUL INFORMATION

Product Prices

The majority of our prices include personalisation in one position. We can offer additional positions and colours, please call for details.

Product Specifications

The colours, styles and finishes of all products in this catalogue were correct at time of going to press. However, all manufacturers reserve the right to alter or withdraw products and no responsibility can be accepted if this should happen.

Artwork

You will only get the best results from personalisation if your original artwork is of high quality. Our studio can help you with this if necessary - we will be pleased to quote based on your requirements. When providing your own artwork, please check with our sales office to ensure we receive the correct format for your job.

Company Logos

Many of the products in this catalogue feature a personalisation to show the potential use to our customers. By showing these names, trademarks or logos we are not implying that the product has been supplied to, or is endorsed by the owners of the same, and we apologise if there is any misunderstanding.

Colour Samples

Where colour options are shown, these are representative within the limitations of four colour process printing, and should not be regarded as truly accurate.

Carriage

This is normally charged on all orders.

VAT

All prices in this catalogue are exclusive of VAT.

Origination

Screens, dies, templates and embroidery tapes are chargeable at extra cost. The exact amount will vary according to the product chosen and the method of personalisation.

Delivery

Our aim is to deliver your goods as quickly and efficiently as possible. Most personalised products require 2-3 weeks production, some a little longer.

Express Service

If your deadlines are extremely urgent, a number of our products are available by express service. Please check with our sales department for exact timescales.

Quantities

All personalised orders are subject to production tolerances of between 5% and 10% over or under delivery, which will be invoiced accordingly.

Product Finder

The product selection in this catalogue represents the most interesting and effective items in the marketplace. With literally thousands of products available, it is not possible to feature all the items we can offer. If you require a specific item that is not featured here, please ask us, we are certain to have it in our product database and our sourcing service is free!

RoHS and WEEE Directives

We have endeavoured to ensure that all items featured in this catalogue are compliant, but if you have any concerns, please do check with us.

Please Note

Our prices are correct at time of going to press. However, in recent times, the rising cost of raw materials and currency fluctuations in particular, has meant that some product prices may be subject to change during the life of this catalogue.
